

## OUR CORE VALUES

**SAFETY.** At Wallowa County Grain Growers, we approach each project from a “Safety First” perspective. No task is so important that proper safety protocols will be ignored. Regular safety meetings will be held and personal protective equipment will be made available to all employees working in safety sensitive jobs.

**HONESTY, INTEGRITY, AND FAIRNESS.** We strive to treat all people whether members, customers, or employees, through all transactions and circumstances with honesty, integrity, and fairness.

**TRUST AND LOYALTY.** We understand that trust and loyalty is not an entitlement but rather must be earned and nurtured.

**CONSISTENCY, RELIABILITY, AND DEPENDABILITY.** We understand that it is not adequate to be good some of the time, but rather we must strive to provide the best products and services with each and every customer and encounter.

**QUALITY, EFFICIENT, AND COMPETITIVE.** We always strive to provide quality products and services in an efficient manner at competitive prices.

**POSITIVE AND PROFESSIONAL.** We are the acknowledged experts in the products and services areas that we serve, and we approach each situation with both a positive attitude and professional demeanor.

**LONG TERM COMMITMENT.** We are not here for the short term but rather are committed to our members, customers, and employees for as long as our products and services are needed in the communities that we serve.

**COMMUNITY SERVICE.** We consistently strive to be an active, engaged member in our communities, participating and supporting our youth and events, and broadening and strengthening the impact of agriculture in our society.
